

We create happenings

Exceptionally arranged:
Our performance-portfolio,
which finds itself in all
kinds and sizes of events.

Dear Guests,

Welcome to the METZ World of Happenings!
We make something special out of the moment and set no
boundaries for variety and originality. For that we plan, organize
and realize events for you of the highest standards.

A quality demand which has consistently belonged to our
company culture and which we would like to bring closer to
everyone. From a 'dinner for two' to a Europe-wide Big-Event.

The ambition to make even more out of a delicacy is a family
tradition. Today, with professionalism and passion the entire
logistic and production of the finest foods takes place under
one roof. For this concept our company received an award in
1999 for being a model business. Take a premium catering
for granted, combine it with an atmosphere full of creativity
and add a dash of your party mood – the perfect harmony for
a firework of experiences by METZ Party Service.

Exciting moments and great experiences cast their lights out
ahead. Pictures and words are only a small step toward conveying
our feelings about it. That's why we are looking
especially forward to your visit and to get to
know you. We create happenings.

Best Regards,
Your Paul Metz

What happened? It was your idea to give an occasion the appropriate setting.

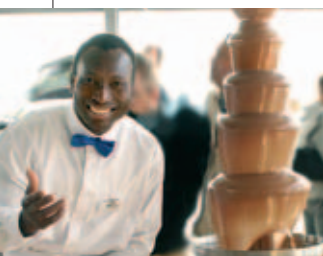

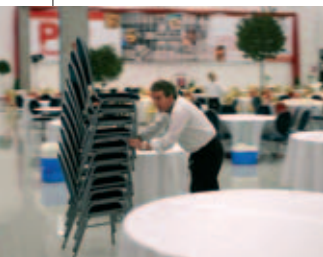

From the first moment on you trusted that your program was in good hands. Our scouts had found the right location, all plans were transparent and the contact was truly pleasant.

Now you yourself are practically a guest at your own party and also feel the heart-pounding while you and your guests experience fantastic impressions. A glittering Ball-night, having a good time together, High-Life-Party, Cocktails à la Carte, etc. etc. Grandpa already made friends with the DJ and the bride smiles satisfactorily in the shuttle to the bridal suite.

Let your fantasy do somersaults, because we'll be glad to catch your dreams. Perfect catering with a small coating of spirit, prepared with a charming smile. Along with that we serve a feeling of adventure and 1000 pure "your welcomes".

It is our art to combine inspiration, know-how and passion into one event.

Highlights, high-tech, nice people and a smile – that shows that we do it right.

Our company-owned extensive equipment allows us to act quickly and flexibly. Facts from the METZ World of Happenings:

2000m² of kitchen space, our own event rooms from 40-400m², trained service personnel, crew management equipment, fleet with cold storage vehicles, seating, hardware, mobile counters and bars, light & sound-support.

Excerpt from the METZ Location-portfolio indoor & outdoor: party halls, palaces & castles, industrial halls, cultural centers, party tents, club rooms, v.i.p.-areas, foyers and many more tried and tested extraordinary locations.
